

Fit for the future, ready for the real world.

Our goal is to help you succeed, no matter what your age, background, or educational experience. We provide career focussed pathways across all levels, from Entry to Level 8, providing high quality education and sector specific learning to prepare you for your life beyond education and qualifications.

Joining LSBU Group gives our students unrivalled access to educational opportunities, advice and guidance as well as sought-after apprenticeships and work placements. Our students are guaranteed progression to both LSBTC and LSBU*.

Whether your next destination is within LSBU Group or elsewhere, we are one of a handful of providers who offer students the opportunity to progress to one of our new Level 4 one-year courses. Successful completion of this enables our students to fast-track to year 2 of an LSBU degree, saving money as well as providing a standalone qualification that employers recognise should you decide to leave your studies there.

*after successful completion of a Group qualification that has a progression route

EDUCATION

The Need for Education Roles

There are 24,442 schools (excluding FE colleges and universities) in England. There are approximately 3,250 schools in London alone.

There are 973,860 teachers, teaching assistants, and teaching support staff in England (full time equivalents)

Of the 973,860 education workforce, 50% are teachers, 30% teaching assistants, and 20% support staff.

There are 468,371 registered teachers in England, and 281,094 teaching assistants.

Teacher vacancies (full and part time) doubled from 2020-22; from 1,100 to 2,020

There are 9,073,832 school pupils in England across all schools

An Introduction to Education

A career in Education is much more than just a job; it is a true vocation which shapes not only the lives of young people (and adult learners), but helps to shape individual communities, society, and the workforce of the future. There can be few things in life as rewarding as seeing your teachings take hold and knowing that you are directly responsible for increasing a learner's knowledge.

You are not only improving their understanding of a subject, but you are also teaching them transferable skills that will help them throughout life; you are teaching them to socialise, to think independently, to develop study skills, and enabling them to discover who they are as an individual. For the right person with the requisite qualities and passion, this is a genuinely rewarding, hugely important, highly varied, and always interesting career pathway.

But the Education pathway isn't limited to just those of you interested in becoming teachers, far from it. England's network of over 24,000 schools, teaching over 9 million children, couldn't function without the assistance and support of a huge variety of careers. From teaching assistants to Special Educational Needs (SEN) practitioners, to learning mentors, to nursery workers, to education officers, to welfare officers; no matter where your skills, passions, and ambitions lay, you're sure to find your perfect career on this hugely varied and expansive pathway.

Is Education the Right Pathway for You?

Gaining the necessary qualifications, and undertaking voluntary placements, can teach you the knowledge and expertise you will need in this sector, but there are several personal qualities and transferrable skills that are essential for a successful and rewarding career in the Education sector.

You'll need to have outstanding written and verbal communication skills, as well as great listening and comprehension skills; great interpersonal skills and the ability to inspire and motivate those around you, of all ages; strong IT skills, particularly in the use of computers, tablets, digital display equipment, and be comfortable using a range of software packages; a huge degree of patience, understanding, compassion and empathy; flexibility in your working approach and be highly-adaptable; excellent time-keeping, reporting and organisational skills; problem solving and conflict resolution skills; a strong interest in maintaining your professional skills and knowledge; be equally comfortable with both independent and team working; a high level of creativity; be dedicated, focussed and self-motivated; and possess outward confidence and strong leadership skills.

Careers in Education

With teacher vacancies (full and part time) of approximately 2,300 positions, and with schools competing for the most talented candidates, even with a current workforce of nearly 1 million people, it's clear that there has never been a better time to embark on a career in Education.

The average (median) teacher Full-time Equivalent (FTE) salary:

- Across all teachers the average salary is £41,604 p.a.
- Classroom teacher average salary is £40,300 p.a.
- Other leadership teacher (excluding headteachers) average salary is £56,800 p.a.
- Headteacher average salary is £70,800 p.a.
